FROM THE CHAIRMAN

“A New Look” is this year’s convention theme, and these three words speak volumes about this industry, the association and our member companies. Collectively we have many “new looks” among us as we gather once again in San Antonio for the midstream industry’s premier conference.

Many of us watched the association’s name change to GPA Midstream right before our eyes at last year’s convention in New Orleans. While that took only a few minutes, the actual transformation had been an evolutionary process encompassing many years. The name GPA Midstream clearly identifies the association today and the industry we represent.

We have also witnessed a transformation in our country’s top administration, which clearly brings a new look as well. Although it is too early to know for sure what it means to our industry overall, we are encouraged by the attention being given to critical energy concerns right from the start.

Changes are never easy, nor are we strangers to change. Our industry has been through challenging cycles before, and each time we have emerged with a new look and a constructive future. I’m confident that will be the case again.

Of course, the need for reinventing ourselves is not unique to our industry. That’s why I’m particularly interested in hearing what keynote speaker Bill McDermott has to say. In 2002, he was placed in the precarious position of serving as president of SAP’s flailing American business unit. In 2014, he became SAP’s first non-European CEO, today overseeing the company that is now the global leader in business applications and analytics software with 335,000 customers in 190 countries. We welcome Bill and his sharing of lessons learned.

Sharing best practices is a common theme throughout the GPA Midstream Convention. I encourage you to carefully plan your participation around this year’s agenda that is full of timely topics with something beneficial to every attendee and the member companies you represent.

San Antonio is always a great venue for the convention, and I hope you can find time to enjoy some of the area’s culture, while also making the most of your GPA Midstream experience.

With that said, I extend to you my personal invitation to join us in San Antonio to take “A New Look” at today’s GPA Midstream Association and all that is on the convention’s excellent agenda. I say with assurance that you and your company will benefit from your participation.

Wouter van Kempen, DCP Midstream
GPA Midstream Chairman of the Board
SUNDAY • APRIL 9

GPA Midstream Sporting Clays* 8:30 a.m. – 3:00 p.m.
Novice and seasoned shooters are invited to join us for a day of friendly competition at the National Shooting Complex. Any convention registrant may sign up to participate individually or on a team of 4 (individuals will be placed on a team). This event is limited to the first 150 shooters. The entry fee for individual shooters is $200; the fee to enter a team of four is $800. The shooter/team entry fee includes sporting clays course fees, plus a light breakfast and lunch. Prizes will be awarded at the end of the event, and all participants will be eligible for door prize drawings.

GPA Midstream Golf Tournament* 9:00 a.m. – 3:00 p.m.
The Keith Foster designed Quarry Golf Club is recognized throughout the country for its unique setting and character and offers a challenge to any level player. Any convention registrant may sign up to play. Players may designate their own foursome upon registration; otherwise, GPA Midstream will assign players to groups. The $150 entry fee includes transportation, breakfast, lunch, driving range and green fees. Prizes will be awarded to the top three teams, and all participants will be eligible for special contests and door prizes.

GPA Midstream Young Professionals Committee Meeting & Reception 3:30 p.m. – 4:30 p.m. Committee Meeting
4:30 p.m. – 5:30 p.m. Reception*
GPA Midstream’s Young Professionals (YP) Committee will meet from 3:30 – 4:30 p.m., and all young professionals interested in getting more involved in GPA Midstream and the YP committee are welcome to attend this open meeting. A YP reception is scheduled from 4:30 – 5:30 p.m. to encourage networking among this group in a relaxed and open environment, and the reception requires a purchased ticket for entry. There’s no better time for midstream’s next generation to get involved in the association.

MONDAY • APRIL 10

GENERAL ACTIVITIES
• Spouse/Guest Hospitality hosted by GPA Midstream
• GPSA Membership Meeting and GPSA Board Meeting
  Presiding: GPSA President Steve Tzap, ZAP Engineering
• GPA Midstream Professional Women’s Networking Reception*
  Ladies working in the midstream sector are welcome to attend this reception to build networking, leadership and mentoring opportunities with other professional women in the industry.

EDUCATIONAL/INFORMATIVE
• GPA Midstream Overview and Orientation Breakfast*
  Sponsored by ONEOK and Superior Pipeline
  Co-Chairs: Terry Spencer, ONEOK, and Bill Ward, Superior Pipeline
  This breakfast provides a learning opportunity for those new to the industry or those interested in learning about and/or becoming active in GPA Midstream or GPSA. Topics include GPA Midstream leadership activities, technical issues, legislative/regulatory issues, young professionals activities and GPSA activities.
• General Session
  GPA Midstream Chairman Wouter van Kempen, DCP Midstream, will present service awards and safety awards.
  Keynote presentation sponsored by GPSA: Bill McDermott
• GPA Midstream Chapter Officers Roundtable
  Co-Chairs: Bill Ward, Superior Pipeline; Chris Lindenberg, Western Filter

KEYNOTE SPEAKER: BILL MCDERMOTT
Growing up in working-class Long Island, a 16-year-old McDermott traded three hourly wage jobs to buy a small deli, which he ran by instinctively applying ideas that would be the seeds for his successes that followed. In 2002, he became the unlikely president of SAP’s flailing American business unit. He was named co-CEO in 2010. In 2014, he became SAP’s sole, and first non-European, CEO. Today SAP is the global leader in business applications and analytics software with 335,000 customers in 190 countries.
His journey from enterprising teenager to SAP CEO is chronicled in the best-selling book Winners Dream. Most recently, he’s dealt with personal adversity from losing an eye, and nearly his life, in a freak accident on household stairs at night. His lesson from it: “How can I get this lucky?” Another book is in the works as a result.

SUNDAY • APRIL 9

Sunday Networking Opportunities
8:30 a.m. – 3:00 p.m.
* GPA Midstream Sporting Clays
9:00 a.m. – 3:00 p.m.
* GPA Midstream Golf Tournament
12:00 p.m. – 7:00 p.m.
Registration
4:00 p.m. – 5:00 p.m.
* International Reception
4:30 p.m. – 5:30 p.m.
* Young Professionals Reception
  Sponsored by Superior Pipeline
5:00 p.m. – 8:00 p.m.
  GPSA Early Bird Reception with Vendor Night
7:30 p.m. – 12:00 a.m.
  Company-Sponsored Hospitalities
*Admission by purchased ticket only.
See www.GPAconvention.org for pricing and registration.

MONDAY • APRIL 10

Monday Networking Opportunities
7:00 a.m. – 4:00 p.m.
Registration
7:30 a.m. – 9:00 a.m.
* GPA Midstream Overview & Orientation Breakfast
  Sponsored by ONEOK and Superior Pipeline
7:30 a.m. – 9:30 a.m.
* International Breakfast
7:30 a.m. – 10:00 a.m.
Coffee Service
  Provided by AECOM
10:00 a.m. – 12:00 p.m.
General Session
12:00 p.m. – 1:00 p.m.
Caterpillar Luncheon
  Provided by Caterpillar and Petroleum Dealers
5:00 p.m. – 6:00 p.m.
* GPA Midstream Professional Women’s Networking Reception
6:30 p.m. – 12:00 a.m.
Company-Sponsored Hospitalities
*Admission by purchased ticket only.
See www.GPAconvention.org for pricing and registration.
Monday • Continued

McDermott speaks worldwide on a variety of topics, including re-engineering a corporation, the future of technology, global business outlook and change management. We consider his keynote address to be among the many “don’t miss it” presentations on the 2017 GPA Midstream Convention agenda.

International
- International Breakfast*
  Presiding: Colin Woodward, Woodward International
  This breakfast provides an opportunity for delegates with interests outside of the United States to meet over a hot meal and then listen to an authoritative speaker discuss a topic of wide international interest. The 2017 guest speaker is Ajey Chandra, Muse; Stancil & Co., and his topic is “The Effects of U.S. Shale Gas on International Markets.” The presentation will be followed by a Q&A session and networking.
- International Committee Meeting
  Co-Chairs: Justin Hearn, BASF; Chuck Mart, ExxonMobil

Technical
- Technical Section A – Facilities Design Meeting
  Chair: Chip Burkett, Pine River Energy Services
  Vice Chair: Mahdi Nouri, CH2M
  Young Professionals Liaison: Christopher Peters, Tesoro Logistics
- Technical Section A – Midstream Facilities Design Forum
  Session Chairs: Jorge Foglietta, J.H. Foglietta Consulting LLC; Ralph Neumann, Neumann Consulting; Christopher Peters, Tesoro Logistics
  - Flexible NGL Recovery Process for Shale Gas Production
    John Mak and Sabrina Devone, Fluor; Chuck Laughter, Joule Processing
  - Gas/Liquid Scrubber Performance Tests at Field-Like Conditions
    Steve Green, Flavia Viana and Chris Buckingham, Southwest Research Institute
  - Strategies to Maximize Ethane Recovery with High-CO2 Feeds
    Barry Keys, Enbridge; Kyle Ross, Bryan Research & Engineering
  - Hydrate Formation in Chevron Mabee Unit for NGL Recovery and CO2 Purification for EOR
    Jenn Welsh, Chevron North America Exploration and Production Co.; Steve Cheaney, Dickson Process Systems; Justin Slagle, Bryan Research & Engineering; Glenn Shive, Sulzer Chemtech
  - Improved Prediction of Sulfur Distribution as Compared to Keyera’s Fort Saskatchewan NGL Fractionation Facility
    Jeff Matthews and Tim Rollenhagen, AECOM; Trevor Schober, Keyera; Carl Landra, Gerald Jacobs and James van der Lee, Virtual Materials Group
- Technical Section B – Analysis and Test Methods Meeting
  Chair: Joe Landes, SPL
  Vice Chair: Bob King, DCP Midstream
- Technical Section C – Product Specifications Meeting
  Chair: Phil Applegate, Targa Resources
  Vice Chair: Greg Clark, Enterprise Products
- Technical Section H – Measurement and Quality Determination
  Chair: Eric Estrada, Targa Resources
  Vice Chair: Ron Carnahan, MarkWest Energy

Research
- Technical Section F – Technical Data Development Meeting & Forum
  Chair: Karl Gerdes, Consultant
  Subgroup 1 Chair: Dan McCartney, McCartney Gas Advisors
  Subgroup 2 Chair: Chris Root, DCP Midstream
  - Glycols Partitioning at High Pressures in Gas Processing Systems
    Rod Burgass, Alastair Reid, Antonin Chapoy and Bahman Tohidi, Heriot-Watt University
  - Rapid Simulation of Solid Deposition in Cryogenic Heat Exchangers
    Eric May, Corey Baker and Zachary Aman, The University of Western Australia
  - The Effect of Gas Gravity on the Water Content of Natural Gas: A Simple Correlation
    Connor Deering, Sarah Carefoot, Francis Bernard, Binod Giri, Raymond French and Robert Marriott, Alberta Sulphur Research
  - Measurement and Modeling of Mercaptans Solubility in Aqueous Alkanolamine Solutions
    Tianyuan Wang, Elise El Ahmar and Christophe Coquelet, Mines Paristech – PSL Research University Centre Thermodynamics of Processes; Stanley Huang, Chevron Energy Technology

Operations and Maintenance
- Technical Section M – Operations and Maintenance Forum
  Chair: Steve Pudlewski, Enterprise Products
  Vice Chair: Shawn Brennan, Enterprise Products
  Young Professionals Liaison: Chris Cabusao, Tesoro Logistics
  - Uncovering Valuable Optimization Opportunities in Gas Processing Facilities
  - Lifecycle Analysis of Brazed Aluminum Plate Fin Heat Exchangers (BAHX)
  - Dynamic Simulation Tool for NGL Recovery Units
    Danielle Goldeck and Thomas Martin, Linde Engineering North America; Martin Pottmann, Linde
  - Technical Section M – Operations and Maintenance Meeting
    Chair: Steve Pudlewski, Enterprise Products Operating
    Vice Chair: Shawn Brennan, Enterprise Products Operating
    Young Professionals Liaison: Chris Cabusao, Tesoro Logistics

Advocacy/Legs/Regs/Safety
- Environmental Issues Forum
  Session Chairs: Melanie Roberts, Targa Resources; Jeff Stovall, Crestwood Midstream Partners
  - Environmental Excellence Awards Presentations
  - Environmental Committee Update
    Topics include GHG Subpart W, NSPS OOOoa and Methane ICR
  - Natural Resources Subcommittee Update
    Topics include nationwide permitting, ESA issues and WOTUS
- Legislative Committee Meeting
  Chair: Bret Fox, DCP Midstream
  Vice Chair: David Callahan, MarkWest
- Regulatory Committee Meeting
  Chair: Cris Castillo, Tesoro Companies Inc.
  Vice Chair: Dave Rader, ONEOK
- Safety Committee Meeting
  Chair: Jim Hanson, Encana
  Vice Chair: Mark Previtt, DCP Midstream
- Pipeline Safety Forum
  Chair: Matt Norton, Crestwood Midstream Partners
  - Geomorphic Methods of Geohazard Assessment
    Jen Holmstadt, WSB and Associates
  - Inherently Safer Piping – Best Practices
    Steve Streblow, ACS Engineering
  - 20 Years Of Personal Process Safety Lessons
    Steve Streblow, ACS Engineering
  - Using Police Investigation’s Process for Industrial Accident Scenes
    Keith Farrell, K & K Consulting
Tuesday Networking Opportunities

Tuesday, April 11

7:00 a.m. – 3:00 p.m.
Registration

7:30 a.m. – 9:00 a.m.
*Good Morning GPA Midstream* Breakfast
Provided by FESCO

7:30 a.m. – 9:00 a.m.
Midstream Industry Prayer Breakfast
Sponsored by Cummins, Enable Midstream Partners and KP Engineering

8:30 a.m. – 11:00 a.m.
Coffee Service
Provided by Bowden Construction Co.

1:00 p.m. – 1:45 p.m.
Ice Cream Social
Provided by Gas Technology Corp.

7:00 p.m. – 10:00 p.m.
GPSA Party
*Admission by purchased ticket only.
See www.GPAconvention.org for pricing and registration.

---

Tuesday, April 11

GENERAL ACTIVITIES

- "Good Morning GPA Midstream" Breakfast
  Provided by FESCO
- Midstream Industry Prayer Breakfast*
  Sponsored by Cummins, Enable Midstream Partners and KP Engineering
  Presiding: Wayne Ziegler, SemGas
  Motivational comedian and magician Billy Riggs is more than a mere speaker, entertainer, magician, motivator or comedian. His blend of oratory motivations, content, practical takeaways, comedy and magic is perhaps unrivaled in the speaking profession. No one else does as many things well.
- Spouse/Guest Hospitality hosted by GPA Midstream
- GPA Midstream Membership Meeting and Chairman's Luncheon
  Admission by invitation only
  Presiding: GPA Midstream Chairman Wouter van Kempen, DCP Midstream
- Ice Cream Social
  Provided by Gas Technology Corp.
- GPSA Party – Dinner & Entertainment

MARKET INFORMATION

- NGL Business Forum
  Session Chairs: Phil Nickel, Cimarex; Joel Whitney, Superior Pipeline
  Young Professionals Liaison: Ryan Latchem, Kinder Morgan
  Implications on NGL Balances from NGL Supply and Infrastructure Shifts
  Peter Fasullo, EnVantage
  Perspective on the Globalization of NGL Feedstocks
  Dan Lippe, Petral Worldwide
  The Outlook for Crude Oil and Its Effects on U.S. NGLs
  Ron Gist, RBN Energy
  Natural Gas Outlook and Midstream Impact
  Speaker to be announced, East Daley Capital

TECHNICAL/TECHNOLOGY

- Technical Section P – Pipeline Design, Operations & Maintenance Meeting
  Chair: Jerry Gump, Audubon Field Solutions
  Vice Chair: Jimmy Oxford, Targa Resources
  Young Professionals Liaison: Eric Winscher, Mustang Gas Products
- Gas and Product Treating Forum
  Session Chairs: Chris Coxon, Azure Midstream; Tim Cullinane, ExxonMobil Upstream Research
  Young Professionals Liaison: Ben Gurtler, Koch-Glitsch
  Challenge of Mercury Removal for Natural Gas Processing
  Clotilde Jubin and Olivier Dureux, Axens
  Amine Foaming by Surfactant Contamination in Feed Gas
  David Engel, Heath Burns and Scott Williams, Nexo Solutions
  DGA Treatment of Ultra-Sour Gas
  Dave Schulte, Steven van Wagenveld, Curt Graham and Bryant Lynch, Fluor Corp.
- Resurrecting a Gas Plant
  Wyatt Doop, Anadarko Petroleum Corp.
  Practical Experience in the Operation of Triethylene Glycol Dehydration Facility
  Mahdi Nouri and Eberhard Lucke, CH2M Oil, Gas and Chemicals

- Advances in Midstream Technology Forum
  Session Chairs: Andy Giffhorn, Phillips 66; John Poarch, Williams Midstream
  Young Professionals Liaison: Megan Reusser, Black & Veatch
  NGL Fractionation – Evaluation of Alternate Configurations
  Scott Schroeder, Advisian
  Sorbent-Based Desulfurization Process for Removing Hydrogen Sulfide and Organic Sulfur Compounds
  Gokhan Alptekin, SulaTrap
  5th Generation NGL/LPG Recovery Technologies for Retrofits
  Michael Pierce, Kyle Cuellar, John Peyton and Scott Miller, Ortloff Engineers
- LNG Forum
  Session Chairs: Shawn Hoffart, Black & Veatch; Chuck Mart, ExxonMobil
  Improving LNG Liquefaction with Modeling of Cryogenic Heat Exchangers as Part of the Full Process
  Sujit Potdar and Jennifer Dymer, Aspen Technology

DINNER & ENTERTAINMENT

Provided by GPSA

The World Classic Rockers (WCR) has earned its reputation as the World’s Greatest Rock and Roll All-Star Band, and by popular demand, the group will make a return to the GPA Midstream Convention in 2017. Featuring former members of rock supergroups Journey, Steppenwolf, Boston, Santana and Lynyrd Skynyrd, the group combines the talents of some of the most prominent musicians to ever grace the stage. WCR has toured the world, bringing audiences to their feet with electrifying performances of legendary hits "Born To Be Wild," "Separate Ways," "More Than a Feeling," "Black Magic Woman," "Sweet Home Alabama," "Magic Carpet Ride," "Anyway You Want It," "Free Bird" and many more!

No additional ticket purchase is necessary – if you are registered for the convention, you are welcome and encouraged to attend this event.

Committee meetings and forums are open to all attendees; you are strongly encouraged to attend any of interest. Visit www.GPAconvention.org for specific paper titles, times and updated program information.
Tuesday • Continued

- LNG Freeze Component Removal Technology Application Map
  Kéli Davis and Thomas Gaskin, Chicago Bridge & Iron
- Ten Trends Driving Efficiency, Reliability and Risk Reduction at Gas Processing and LNG Facilities
  Chuck Miller, Emerson
- Technical Committee Meeting
  Chair: Francis Foret, Targa Resources
  Vice Chair: James Meier, Pioneer Natural Resources USA

Advocacy/Legs/Regs

- Advocacy Steering Committee Meeting
  Chair: Robert Mitchell, Carrera Gas Co.
  Vice Chair: Jessica Keiser, Targa Resources
- Natural Resources Subcommittee (Environmental) Meeting
  Chair: Jimmie Hammontree, The Williams Co.
  Vice Chair: Rudy Salazar, Targa Resources
- Sensible Solutions to Regulatory Obstacles Forum
  Session Chairs: Ben Asnicar, Burns & McDonnell; Brian DeLuca, Enable Midstream Partners; Wayne Ziegler, SemGas
- Saltwater Treatment System (STS) – A New Method for the Disposal of Oil and Gas Well Producer Water and Shale Formation Frack Water
  Kenny Wheat and Joe Moore, QPS Engineering
- Papers 2 and 3 to be announced

Project Economics

- Project Economics Forum
  Session Chairs: Ajey Chandra, Muse, Stancil & Co.; Michael Gebhardt, Tesoro Logistics
- A Data Driven Approach to Executing Successful Capital Projects
  Pete Luan, Pete Luan & Associates
- Lower Capital Project Cost by Understanding the Company Culture Effect
  Dr. Mark Robben, Mark A. Robben
- An Overview of NGLs in the U.S.
  Tyler Wilson and Uday Turaga, ADI Analytics

Operations/Maintenance/Safety/Reliability

- Advances in Midstream Operations Forum
  Session Chairs: Paul Gaves, Wood Group Mustang; Ross Goff, ConocoPhillips; Stan Golemon, Lucid Energy
- High Mach Number Turbo-Expander Compressor Redesign in a 200MM Standard Cryogenic Plant for Increased Throughput and Reduced Residue Compression Power
  Wiley Blair, Blair Engineering; Eric Brink and Vern Van Leuven, The Williams Co.
- Modular NGL Plant Providing High Recoveries in the CNOW Play: Optimized Solution Leading to Successful Operation at a Gas Processing Facility
  Rodolfo Marin, Ankur Jariwala and Pinkesh Sanghani, Schlumberger
- Rising to the Optimization Challenge in Condensate Stabilization Units
  Mahdi Nouri and Eberhard Lucke, CH2M Oil, Gas and Chemicals
- Safety and Reliability Forum
  Session Chairs: Bruce Darter, Kinder Morgan; Stephen Henderson, Enable Midstream Partners
- Process Safety System Methodology Applied to the Midstream Industry
  Bryce Elliott, Barry D. Payne & Associates; David Hyden, Energy Transfer
- Addressing Pipeline Safety Using New Practices and Techniques
  Brandon Johnson and Uday Turaga, ADI Analytics
- The Top Ten Items Overlooked in Pressure Relief System Design
  Sjoerd Hoogwater, Jeff Matthews and Alex Israel, AECOM; Josh Kolenc, Farris Engineering Services

Wednesday April 12

Wednesday Networking Opportunities
8:30 a.m. – 10:00 a.m.
Coffee Service
Sponsorship opportunity available!

The GPA Midstream Convention offers a number of sponsorship and advertising opportunities to reach your customers, from $500 and up.

Contact Crystal Myers for more information: cmyers@GPAglobal.org or (918) 493-3872
Wednesday • Continued

- Design Challenges for a Zero Flaring Concept
  Stéphanie Druesne, Technip
- Model-Based Optimization of the Operation of Integrated Natural Gas Production & Processing Networks
  Daniel Aluma, Basrah Gas Co. (Shell); Costas Pantelides, PSE
- Innovation and Challenges in LPG Train-4 Commissioning
  K.S. Sabapathi and Karthik Rajagopalani, KNPC
- Experience with Optimizing Steam to Gas Ratio in Steam Methane Reforming Hydrogen
  Unit Mina Abdulla Refinery
  Ahmad Ibrahim Ahmad Al-Baghli, KNPC

Training

- Sour Gas & Sulfur Symposium
  Session Chair: B. Gene Goar, Goar Sulfur Services & Assistance
- Gas Treating
  Mike Sheilan, Amine Experts International
- Claus Sulfur Recovery Units
  B. Gene Goar, Goar Sulfur Services & Assistance
- Claus Tail Gas Cleanup Units (TGCUs)
  Nate Hatcher, Optimized Gas Treating
- Sulfur Handling (Degassing, Forming & Storage)
  Elmo Nasato, Nasato Consulting
- SRU/TGCU Environmental Air Permits, Regulations & Guidelines in Texas
  David Crowther, Crowther & Associates
- Workshop: Getting Full Use Out of the GPSA Engineering Data Book: An Introduction to the Week-Long Training Class
  Presented by AECOM
  AECOM Presenters: John Jechura, Tim Rollenhagen, P.E., Jeff Matthews, P.E., and Sjoerd Hoogwater

This four-hour workshop was developed to showcase the importance and utility of the GPSA Engineering Data Book. This session will present a sampling of the content directly from GPA Midstream's week-long class to introduce the scope of the full training course for this well-known resource. Beyond being introduced to the content of the GPSA Engineering Data Book, attendees will benefit from several full length modules from the training course, as the presenters dive into specific and realistic problems that might be encountered every day on the job, when designing or troubleshooting facilities and/or equipment.

GPA Midstream Program Committee

Your industry peers from the following companies organize this conference and had a direct hand in choosing the papers and presentations. It has been a pleasure to work with an outstanding group of Program Committee members, and I greatly appreciate the time and effort that they have all put into making the 2017 GPA Midstream Convention a success. We look forward to seeing it all come together in April and hope you will join us.

Accommodations

Rooms are being held for registered GPA Midstream Convention attendees at the Marriott Rivercenter hotel. Please contact the hotel directly to make your reservations and mention GPA Midstream to receive the group rate. All reservations must be made by March 10, 2017 to receive the discounted rates (earlier if the room block is full). GPA Midstream will closely monitor room reservations and will require those using GPA Midstream’s room block to register for the convention.

Single Occupancy - $269/night
Double Occupancy - $279/night

Marriott Rivercenter
101 Bowie Street
San Antonio, TX 78205
Toll free (in the U.S. only): (877) 622-3056
Local: (210) 223-1000

Convention Attire

Dress at all events will be business casual. Convention name badge is required for admission to all events.

Continuing Education

Attendees should keep records of session hours attended from Sunday afternoon through Wednesday. These can most likely be applied toward the PDH hours required for continuing education. Certificates of Attendance will be available at the end of each session to serve as documentation.

Cancellation/Refund/Transfer Policy

Early registrants may obtain a refund (less a $100 handling fee) if GPA Midstream receives a written cancellation notice by 5 p.m. Central time on March 10, 2017. A registration may be transferred at no cost with a written request by the same deadline. Refunds for events will not be given on transfers, but GPA Midstream will attempt to provide substitutions/additions. Transfers are allowed after March 10, 2017 but will incur a $100 fee. Refunds for events/spouse/guest fees will not be given.

Company Entertainment

Both GPA Midstream and GPSA subscribe to long-standing rules that are designed to promote the serious purpose of the GPA Midstream Convention and to provide an equitable and competitive atmosphere in which to conduct intercompany business. Please remember that private dinners or parties in excess of 40 persons are not allowed.
